

2025

**regonRocketry**

In Association With **Tripoli Portland 049 & NAR 555 - OREGON**

## High Power Launch Schedule

**AP Showers** April 11-13

**Spring Thunder** May 16-18

**NXRS** June 19-22

**Summer Skies** July 11-13

**Rocketober** October 10-12

**Turkey Loft** November 7-9

High power launches take place just outside of **Brothers, OR**. Refer to our website for details on accessing the range as well as important site information.

All launches are subject to delay due to weather; refer to the website in the days leading up to each for official launch announcements.

## Fillible's Folly September 12-14

Oregon Rocketry's Premiere Family Launch

Fillible's Folly flies from farmland just 45 miles southwest of Portland, in the community of **Sheridan, OR**. As our only high power launch in the Willamette Valley it draws a larger community of fliers than most high power launches in Brothers and is the perfect venue to loft your rocketry up from park fliers to mid and high power!

## Low Power Launch Schedule

**Garden Home Park**  
8320 SW 83<sup>rd</sup> Ave, Portland

Garden Home launches are free to the public, sanctioned under the National Association of Rocketry, and happen on the second Saturday of every month from April to November, except September. These family-friendly launches run from 10am to 1pm, and are the perfect place for new fliers to come launch with guidance from our community of experts. Flights at the park are limited to model rockets flying on up to B motors, C with permission.

**Oregon Rocketry** — An state and federal not-for-profit corporation dedicated to the promotion of Model, High Power, and Amateur Rocketry. Our Affiliation with Tripoli Rocketry Association and the National Association of Rocketry provides a safe and family-friendly adherence to strict safety codes, as outlined by the Federal Aviation Administration, the National Fire Protection Association, and other local regulations.

**Brothers** — A remote high desert range 41 miles east of Bend on Hwy 20. You can fly it all here from model rockets to high power level 3. Over a mile and a half of separation from the highway affords plenty of airspace and recovery range!

**Sheridan** — Home of the Fillible's Folly launch, is located about 45 miles SW of Portland on a sprawling field. Separation from nearby roads and ample recovery space allows opportunity for large rockets, up to level 2 high power flights.

**Launch Fees** — Our launch weekend fees are \$10 individual low power, \$20 individual high power, or \$30 for the whole family! Club members fly free. Viewing is free at all launches other than NXRS.

**Amenities** — All of our launch sites offer toilet facilities. Brothers and Sheridan have limited—unimproved—camping and vendors.

## Public Launch Hours

Friday: noonish – 5pm

Saturday: 8am – 5pm

Night launches: around sunset

Sunday: 8am – 2pm

NXRS starts a day earlier.

**Signed liability waiver required  
for everyone on site.**

## JOIN THE CLUB

Annual club membership: \$40 individual, \$50 family

New members: \$20 individual, \$30 family

Club meetings are held online, the first Thursday of every month at 7:30pm.
